

### PUTTING COMPASS

Find a slope on the green, putt from 8 points around the hole, you then have a putt from all angles. Start from 5ft and then go to 10ft

5 putts from each point, fill in total number of putts holed

You can then see which position you are best from. When playing shots to the green try to leave yourself these slopes.

Position	5 feet	10 feet
South		
South East		
East		
North East		
North		
North West		
West		
South West		
TOTAL
